# Jocelyn and Ian's Wedding – 23rd April 2005

## General Information:

- Please note that much of York city centre is pedestrianised, and there is no access by vehicle (other than taxi) to the church itself. A number of convenient all-day car parks are listed overleaf.
  - The most efficient way of travelling between All Saints' church and the reception venue at St. William's College is by foot! It takes around seven minutes (yes, we timed ourselves!). The most straightforward route is via Pavement, The Shambles, and Goodramgate (see map overleaf).
  - Please let us know in your response if you would like a vegetarian meal.
  - If you wish to buy us a wedding gift, you may find it useful to know that we are registered in the USA at Macy's, and in the UK at Debenhams. Details are enclosed, and links to the lists are on our website.
  - Confetti outside in the street is fine (i.e. not thrown inside the church, please!), but the biodegradable variety would be preferred if possible.
  - Instead of a guest book, to remember the day we would appreciate it if all guests could sign the border of a picture which Jocelyn's mom has kindly given us. This will be available at the reception.
